College City University of New York

Major: Graphic Design and Illustration

Projects

Following projects can be seen In my portfolio on my website at www.faizakhalid.com

- **Digital Illustrations:** I have created several individual illustrations based on a character, I used *Adobe Photoshop* and procreate for the final process.
- **Digital Portrait:** For these digital portraits I used *Adobe Illustrator* and procreate for finishing touch. These individual pieces are based on some class topics and some are personal choices.

- **Book Cover Design:** I have created these individual Book Cover Designs during my final semester for my final project. All of these Covers has their own story and theme behind it. I have used both Adobe medium and Procreate.
- **Arabic Calligraphy:** This is something I really like creating it. These calligraphies are my personal choice individual projects. I used both adobe and procreate to finish the final design.
- **Digital Painting:** I had to make few digital paintings for my Illustration design class, so I created these individual naturalistic paintings by using adobe medium and procreate.
- **Film Posters:** These are Film posters which I created for my Typography class final project. I created these with adobe illustrator gave the finishing details with adobe Photoshop.
- **Editorial Posters:** These individual editorial projects were for my final semesters illustration class in which I had to create few editorial projects with the given topic. I used adobe Illustrator and photoshop for the process.
- **Diverse Illustration:** Diversity in these projects is based on client's choice and these are individual pieces with a story line. I have created these with adobe mediums and procreate.
- **T-shirt Design:** I have created this t-short template and several different T-shirt designs by using procreate and adobe photoshop medium.
